

Cold Runner Machine Nozzle Tip

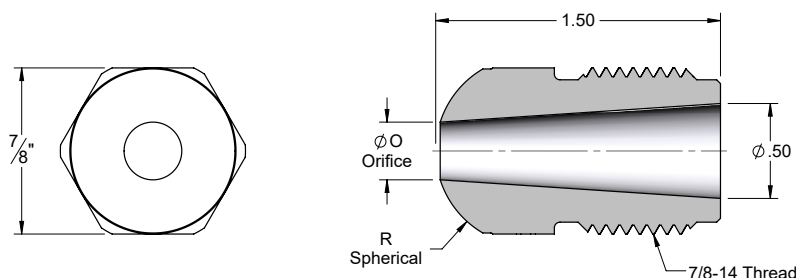

- New internal geometry works for most applications and materials
- Reduces stringing, freeze off, and splay
- Dead spots are eliminated
- Radius to angle provides better flow
- Slight taper to the orifice
- Hot Work Tool Steel

CRT0018-75	1/8"	3/4"

Hot Runner Machine Nozzle Tip

- New design for use with Hot Runner Systems
- Straight taper through design
- Reduced pressure loss
- No hang up areas
- Matching metric orifice
- Hot Work Tool Steel
