Features & Benefits:
- Designed to prevent slipping of the slide within the mold base
- Small Footprint
- Holds rated weight without the use of hydraulics
- Hardware does not extend outside of the mold base exterior
- Easily retrofitted into molds with existing slides
- Provides slide retention
- Allows for increased production

Installation instructions and design guidelines for each size slide latch can be seen below.

PCS Company Part Number SLK-8A

Installation Instructions - Lock

**OPTION A**
- MACHINED INTO SLIDE

**OPTION B**
- LOCK INSERT

Design Guidelines

Installation Instructions - Body

Rated to carry a weight of up to 8lbs
