

Molders Choice - Dry Mold Protector

PCS Company offers Molder Choice™ Dry Mold Protector which is a fast drying formula to safely protect mold surfaces for short to medium term mold storage. Invisible film forms a corrosion barrier and offers superior rust protection. Easily removed during start up shots or with any PCS Company mold cleaners. Available in single 16 oz. can, cases of 12 cans, 5 gallon container or 55 gallon drums.

Features:

- Fast Drying Formula
- Superior protection from rust
- Invisible film forms corrosion barrier, seals out condensation
- Will not bleed out from ejector pins or mark parts
- For short to medium term mold storage
- Cleans off mold during start-up shots or with any PCS mold cleaner
- Can be applied on cold or hot molds
- Contains no chlorinated solvents
- Non-silicone, non-wax formulation
- No CFC's
