

## IB 10/8 L2P

The IB 10/8 L2P is the world's first dry ice blaster with integrated dry ice production from liquid CO<sub>2</sub>. Perfect for short-term cleaning applications, without complicated logistics.

### 1 Ergonomic blasting gun

- Quick and easy nozzle change thanks to quick-release couplings.
- With integrated lighting.

### 2 Easy and intuitive operation

- Jet pressure, operating hours, service time shown on the display.
- Dry-ice quantity can be adjusted with a button.

### 3 Safe dry-ice blasting

- CO<sub>2</sub> is discharged via exhaust hose.
- Safe handling, no contact with the dry-ice pellets.

### 4 Compact, mobile design

- Wheels and handles allow mobility and safe transport.
- Separate storage possibility for all components. Integrated home base.

## TECHNICAL DATA AND EQUIPMENT

### IB 10/8 L2P Classic kit

- With integrated dry-ice production
- Compact, mobile design and easy operation
- Low compressed air consumption for use of workshop compressors

#### Technical data
