Issuing date 14-Jun-2019

## Revision Date 14-Jun-2019

Version 1

SAFETY DATA SHEET.

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product identifier Product name

PT-80 THE PROTECTOR

Recommended use of the chemical and restrictions on use

<u>Product Type</u> Synonyms Extremely Flammable Aerosol None

Supplier's details

Mold Protectant.

Uses advised against

**Recommended Use** 

No information available

Manufacturer Nanoplas Inc.

2950 Prairie St. SW, Suite 900 Grandville, MI 49418 NANOPLAS (616)-452-3707

Emergency telephone number Chemical Emergency Phone Number

CHEMTREC: 1-800-262-8200 ID 1195 (UNITED STATES)

# 2. HAZARDS IDENTIFICATION

### Classification

| Skin corrosion/irritation                        | Category 2     |
|--|----------------|
| Specific target organ toxicity (single exposure) | Category 3     |
| Aspiration toxicity                              | Category 1     |
| Flammable Aerosols                               | Category 1     |
| Gases under pressure                             | Compressed Gas |

#### <u>GHS Label elements, including</u> precautionary statements

#### Emergency Overview

## DANGER

## Hazard Statements

Causes skin irritation. May cause respiratory irritation. May cause drowsiness or dizziness. May be fatal if swallowed and enters airways. Extremely Flammable Aerosol Contains gas under pressure; may explode if heated

Appearance Clear

Physical state Aerosol

Odor Solvent

## **Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves. Avoid breathing fumes, gas, mist, vapors, spray. Use only outdoors or in a well-ventilated area. Keep away from heat, sparks, open flames, hot surfaces - No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use.

## **Precautionary Statements - Response**

Specific treatment (see first aid on this label). IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice, attention. Take off contaminated clothing and wash it before reuse. IF INHALED : Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor, physician if you feel unwell. IF SWALLOWED: Immediately call a POISON CENTER, doctor, physician. Do NOT induce vomiting.

#### **Precautionary Statements - Storage**

Store locked up. Store in a well-ventilated place. Keep container tightly closed. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F

## **Precautionary Statements - Disposal**

Dispose of contents, container to an approved waste disposal plant.

#### Hazards not otherwise classified (HNOC)

None

## Other information

0% of the mixture consists of ingredient(s) of unknown toxicity.

## **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical Name                  | CAS-No     | Weight %* |
|--------------------------------|------------|-----------|
| HEPTANE                        | 142-82-5   | 60-70     |
| PROPANE/ISOBUTANE/N-BUTANE     | 68476-86-8 | 20-30     |
| CORROSION INHIBITOR            | MIXTURE    | 1-10      |
| NaphthalenesulfonicAcid,CaSalt | 57855-77-3 | 1-10      |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

### First aid measures for different exposure routes

| General advice   | Avoid contact with eyes, skin, and clothing. Avoid breathing vapors, mist, or gas.   |  |
|--|--|--|
| Eye contact  | Immediately flush with plenty of water for at least 15 minutes. After initial flushing, remove any contact lenses and continue flushing. If eye irritation persists, consult a doctor. |  |
| Skin contact   | Wash off immediately with soap and plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur.   |  |
| Inhalation   | Move to fresh air. If not breathing, give artificial respiration. If breathing has stopped, contact emergency medical services immediately.  |  |
| Ingestion  | Clean mouth with water and drink afterwards plenty of water.   |  |
| Most important symptoms/effects, acute and delayed                                   |  |  |
| Main Symptoms  | Causes skin irritation. May cause eye and respiratory irritation. Harmful and may be fatal if swallowed and enters airways.  |  |
| Indication of immediate medical attention and special treatment needed, if necessary |  |  |
| Notes to physician   | Treat symptomatically.   |  |
| 5. FIRE-FIGHTING MEASURES  |  |  |

## Suitable Extinguishing Media

Water fog.Dry chemical. Foam.Carbon dioxide (CO2). Cool containers/tanks with water spray.

Unsuitable Extinguishing Media Do not use a solid water stream as it may scatter and spread fire.

## Specific hazards arising from the chemical

Extremely Flammable / Flammable. Keep product and empty container away from heat and sources of ignition.

Explosion Data Sensitivity to Mechanical Impact none. Sensitivity to Static Discharge Yes.

## **PT-80 THE PROTECTOR**

## **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Use shielding to protect fire-fighters from bursting containers. In the event of fire and/or explosion do not breathe fumes.

## 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protective e | guipment and emergency procedures   |
|------------------------------------|---|
| Personal precautions               | Use with adequate ventiliation to keep the exposure levels below the OELS.  |
| Environmental precautions          |   |
| Environmental precautions          | Vapors can accumulate in low areas. Prevent further leakage or spillage if safe to do so. Do not allow material to contaminate ground water system. Prevent product from entering drains. Report spills as required by local and federal regulations.   |
| Methods and materials for contain  | ment and cleaning up  |
| Methods for Containment            | Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal.  |
| Methods for cleaning up            | Soak up with inert absorbent material. Contain liquid and collect with an inter,<br>non-combustible material. Pick up and transfer to properly labeled containers. Clean<br>contaminated surface thoroughly . After cleaning, flush away traces with water. Prevent<br>product from entering drains. Take precautionary measures against static discharges. |

## 7. HANDLING AND STORAGE

#### Precautions for safe handling

Advice on safe handling Avoid contact with eyes. Avoid breathing vapors or mists. Contents under pressure. Do not puncture or incinerate cans. Do not stick pin or any other sharp object into opening on top of can. Avoid skin contact. Use with adequate ventilation. Keep container away from heat, flames, and all other sources of ignition. Keep can away from all sources of electricity such as electric motors and batteries. Do not spray on hot surfaces.

## Conditions for safe storage, including any incompatibilities

| Technical measures/Storage conditions | Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces, and sources of ignition. Keep in properly labeled containers. Keep out of the reach of children. Store locked up. |
|---------------------------------------|---|
| Incompatible products                 | Strong acids, alkalis, oxidizing agents.  |
| Aerosol Level                         | 3   |

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

#### Exposure Guidelines

| Chemical Name              | ACGIH TLV                | OSHA PEL                               | NIOSH IDLH                             |

## **10. STABILITY AND REACTIVITY**

## **Reactivity**

Stable under recommended storage conditions

#### **Chemical stability**

Stable under recommended storage conditions.

## Possibility of hazardous reactions

None under normal processing.

#### **Conditions to Avoid**

Extremes of temperature and direct sunlight.

## Incompatible Materials

Strong acids, alkalis, oxidizing agents.

### **Hazardous Decomposition Products**

Carbon oxides, Hydrocarbons, Fumes.

## **11. TOXICOLOGICAL INFORMATION**

## Information on likely routes of exposure

### **Product Information**

| Inhalation   | Avoid inhaling vapors or mists. Harmful if inhaled. May cause irritation to respiratory system. |
|--------------|---|
| Eye contact  | Irritating to eyes.   |
| Skin contact | Causes skin irritation.   |
| Ingestion    | Harmful and may be fatal if swallowed and enters airways and lungs.                             |

#### **Component Information**

| Chemical Name                                | LD50 Oral          | LD50 Dermal           | LC50 Inhalation       |

## Information on toxicological effects

Symptoms

Causes skin irritation. May cause eye and respiratory irritation. Harmful and may be fatal if swallowed and enters airways.

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

| Skin corrosion/irritation<br>Eye damage/irritation          | Causes skin irritation.<br>Irritating to eyes.   |
|---|--|
| Sensitization   | No information available.  |
| Germ cell mutagenicity                                      | Not a germ cell mutagen.   |
| Carcinogenicity   | Contains no ingredients listed as a carcinogen.  |
| Reproductive toxicity                                       |  |
| Specific target organ systemic toxicity (single exposure)   | May cause respiratory irritation. May cause drowsiness or dizziness.                     |
| Specific target organ systemic toxicity (repeated exposure) | No information available.  |
| Chronic toxicity  | Intentional misuse by deliberately concentrating and inhaling contents may be harmful or |

|                      | fatal. Chronic hydrocarbon abuse has been associated with irregular heart rhythms and |
|----------------------|---|
|                      | potential cardiac arrest.   |
| Target Organ Effects | Skin, Respiratory System, and Central Nervous System.                                 |
| Aspiration hazard    | May be fatal if swallowed and enters airways.   |

## Numerical measures of toxicity - Product Information

 Unknown Acute Toxicity
 0% of the mixture consists of ingredient(s) of unknown toxicity.

 The following values are calculated based on chapter 3.1 of the GHS document .
 ATEmix (dermal)

 ATEmix (dermal)
 4708 mg/kg

 ATEmix (inhalation-dust/mist)
 161.6 mg/l

## 12. ECOLOGICAL INFORMATION

## U.S. Federal Regulations

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

| SARA 311/312 Hazard Categories    |     |
|-----------------------------------|-----|
| Acute Health Hazard               | Yes |
| Chronic Health Star Hazard        | Yes |
| Fire Hazard                       | Yes |
| Sudden Release of Pressure Hazard | Yes |
| Reactive Hazard                   | No  |

#### Clean Water Act

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

## U.S. State Regulations

### California Proposition 65

This product does not contain chemical(s) known to the State of California to cause cancer , birth defects, or other reproductive harm.

No warning is required.

## U.S. State Right-to-Know Regulations

| Chemical Name | New Jersey | Massachusetts | Pennsylvania |
